Party Theme & Brand Guide

Jordie's Epic Getaway • Myrtle Beach • May 2026

The Vibe

Glamorous 40s is a sun-drenched milestone celebration where coastal cool meets cocktail-hour sparkle. Think palm-lined sunsets, gilded script, chilled martinis in one hand, an old-fashioned in the other, and toes in warm Myrtle Beach sand. It's nostalgic but never fussy — a weekend built on laughter, long dinners, and the kind of memories that age like fine bourbon.

Every piece of the weekend — from the invitations in a mailbox to the tote bag slung over a shoulder at the pool — should feel like it belongs to this single, cohesive world.

Color Palette

#2E8A8A	#C9A961	#E8946B	#1F3A3D
Sunset Teal	Champagne Gold	Coral Dusk	Deep Lagoon

Sunset Teal anchors the brand. Champagne Gold is reserved for the logotype and accents — it should always feel earned. Coral Dusk adds warmth for highlights and call-to-actions. Deep Lagoon is the body-text color and the quiet backbone of every layout.

Logo System

Three approved marks, each with its own job. Never recreate, recolor, or stretch them.

1. HERO BANNER — FOR INVITATIONS & AGENDAS

Use as the header of the printed invitation, the cover of the agenda booklet, and any wide digital graphic (email headers, web banners). The tagline is already locked in — don't add text on top.

2. CIRCLE BADGE — FOR TOTE BAGS & WELCOME KITS

Works on white or light neutral backgrounds.

3. STICKER LOGO — FOR SMALL-FORMAT MOMENTS

Do's & Don'ts

- Do keep generous white (or sand-colored) space around every mark.
- Do pair gold type with teal or cream backgrounds — never on coral.
- Don't stretch, rotate, or drop shadows onto the logos.
- Don't introduce new fonts — Georgia (or a close serif) is the family.

- Don't mix this palette with neon or pastel colors outside the four swatches above.

Here's to forty. Here's to the weekend. Here's to us.
